Annual report of the State Treasurer of West Virginia, <for the fiscal year ending September 30, 1871, for the fiscal year ending September 30, 1872>

Report of the Treasurer of the State of West Virginia, <for the fiscal years 1874-5 and 1875-6, for the fiscal years 1876-7 and 1877-8, for the fiscal years 1879 and 1880>

Biennial report of the Treasurer of the State of West Virginia, <for the years 1881 and 1882, for the years 1885 and 1886>

REPORT

OF THE

TREASURER

OF THE

STATE OF WEST VIRGINIA,

FOR THE

FISCAL YEARS 1879 AND 1880.

Ending on the 30th of September, 1879, and on the 30th of September, 1880.

WHEELING:
W. J. JOHNSTON, PUBLIC PRINTER.
1881.

TREASURER'S REPORT.

TREASURER'S OFFICE,
STATE OF WEST VIRGINIA,
WHEELING, October 1, 1880.

His Excellency HENRY M. MATHEWS,
Governor of West Virginia :

DEAR SIR :—I have the honor herewith to transmit a Biennial Report of the transactions of this office for the Fiscal Years ending respectively on the 30th day of September, 1879, and the 30th day of September, 1880, embracing the following exhibits for each fiscal year :

First—Statement showing the condition of the Treasury Monthly and Quarterly

Second—Statement showing the condition of the State Fund, Monthly and Quarterly.

Third—Statement showing the condition of the General School Fund, Monthly and Quarterly.

Fourth—Statement showing the condition of the School Fund, Monthly and Quarterly.

Fifth—Statement showing the disbursements from the Treasury for each Quarter, and under what appropriation.

Sixth—Statement showing the amount of State Funds in each Depository and in each Congressional District.

Seventh—Detailed statement of all Receipts.

Eighth—Detailed statement of all Disbursements.

The tables herewith show that at the beginning of the Fiscal Year 1878-9, there was

In the Treasury the sum of	$313,801 92
Receipts from all sources during the year	677,910 51
Total in the Treasury during the year	$991,712 43
Amount disbursed for all purposes during the year	771,359 28
Balance in the Treasury October 1, 1879	$220,353 15

This balance in the General Treasury is made up of the following distinct funds :

State Fund	$ 8,472 84
General School Fund	210,617 48
School Fund	1,262 83
Total amount as above	$220,353 15

And at the beginning of the Fiscal Year 1879-80 there was

In the Treasury	$220,353 15
Receipts from all sources during the year	648,787 53
Total in the Treasury during the year	$869,140 68
Amount disbursed for all purposes during the year	615,341 76
Balance in the Treasury October 1, 1880	$253,798 92

This balance in the General Treasury is made up of the following distinct funds:

State Fund	$ 5,783 60
General School Fund	227,837 95
School Fund	20,177 37
Total amount as above	$ 253,798 92

All the State Depositories, with one exception, in a paper addressed by their respective cashiers to the Board of Public Works, protested against the payment of four per cent interest on State Deposits, and expressed a determination that on and after the first day of June, 1880, their rates on said deposits would be fixed at two and one-half per cent until the meeting of the Legislature, when they would expect a further reduction in the rate or a total abandonment of interest on State Balances.

On the 28th of June, 1880, I addressed a circular letter to the several Depositories and obtained their consent to continue receiving State Deposits at four per cent until January 20th, 1881, when the Legislature will be in session, and it is hoped some satisfactory enactment will be had on this subject.

At the present time a majority of the Depositories only consent to receive money for the State out of a spirit of accommodation. One bank declined to remain a State Depository on account of the rate, and others consented to keep but small balances.

An Act of the Legislature, approved December 20, 1873, provides that the *Board of Public Works* may designate certain banks as depositories of money belonging to the State, and shall contract with said depositories for the payment of interest thereon at a rate not less than four per cent per annum.

An Act, passed February 22, 1877, retains the same provision.

So that the Board can exercise no discretion in this respect, and should the banks refuse to contract for the payment of interest at the rate named, the State would be left without legal depositories for its funds, and great inconvenience might result to those intrusted with the collection and disbursement of the revenues.

At the time the present rate was established, more than thirteen hundred millions of dollars in United States six per cent bonds were outstanding. At the present time, more than seven hundred millions in four per cent bonds have taken the place of those bearing a higher rate of interest.

The earnings of all the National Banks on consolidated capital and surplus for the year 1873 was 10.87 per cent, while for the year 1879 the earnings of these banks, on consolidated capital and surplus, was only 5.49 per cent.

The changes thus shown to have taken place since 1873 in money and securities go to prove that banks cannot afford to pay the same rate on deposits at the present time that they could profitably have paid at the former period.

Very Respectfully,

Your obedient servant,

THOS. J. WEST,
Treasurer.

TREASURER'S REPORT

FOR THE

FISCAL YEAR 1878-9,

ENDING

SEPTEMBER 30, 1879.

TREASURER'S REPORT.
